4

Drove 6 miles and camped on A sa??? Creed 6 miles from summit- grass good willows and sage brush

... roads hilly- we are now between A
sper of Bighorn Powder River
Mountains- the low hills on both
sides have a burnt reddish
appearance

5

Pass Creek at noon and drove over
the hills 8 miles and camped on the
same creek near its head- road bad
grass good and plenty of dry willows
for fuel. Prospected on the creek
and found nary spec

6

Crossed the divide and struck the
head of a small creek and followed it
down 9 miles and camped in the
sage brush. Grass poor - forenoon
almighty hilly and craggy. Afternoon
some better. So I heard a buffalo
this evening any number of antelope
in sight all day.

7

Continued down the creek 15 miles
and camped on the Bighorn River
just below the mouth of the Wind
River- grass good and wood plenty-
found a flat boat hauled up on the
west bank of the river and buried in
the sand by Bridger's Company who
left here on Saturday last.

8

Commenced crossing the Bighorn at
5 o'clock in the morning. Crossed
the whole train consisting of 67
waggons- swam through the mules
and horses and got through at 4
o'clock. The Bighorn is at this place
120 yards in width.

9

Followed down the river 14 miles and
camped on the bluffs. Drove stock
down in a bend in the river- road
been over the bluffs most of the day
and rough and hilly. The river runs
here a little North of East.

10

The road today has been down the
Bighorn valley and very good. grass
poor sage and grease brush plenty.
Some cottonwood trees along the
river bank, came 10 miles and
camped at noon, laid by this
afternoon account of a little girl who
is sick. Don't think she will live.

11

Laid by on account of Mrs.
Needham's little girl being sick. She
died this afternoon and will be buried
in the morning at 5 o'clock. Orrle A.
Needhams was 4 years and six
months old. Her mother takes her
death very hard.

12

Started at 5 o'clock buried little Orril
about 1/2 mile from camp at the site
of the main road. Drove 25 miles
and camped on the Big Horn again
grass good, wood plenty.

13

Drove down the river 3 miles then
struck off through the bluffs to Gray
Bull (a stream about 10 rods wide
emptying into the Big Horn) Got to
the river crossed and camped on the
north bank at 2 and 1/2 P.M.
Distanct taveled today, in all, 20
miles. Today in Louise birthday she
is three years old. Oh! How I would
like to see her.

14

Followed up the north bend of the
Gray Bull 16 miles and camped at
the point where the road leaves the
river and takes across the country to
Clarke Fork of the Yellowstone.
Wood and grass plenty, water good.
At noon we saw a herd of buffalo and
that is the last we saw of them.

15

Left camp this morning at 7 o'clock
and drove 28 miles over a ruff and
barren country without water or
grass. And camped on Stinking
River with wood aplenty, but no grass
at all. Saw any amount of buffalo.
One man in hunting them got
throwed from his horse. The horse
took in after the buffalo and that is
the last we saw of him.

16

Started at daylight this morning
drove 4 miles and turned our stock
out to grass on the bluffs. Where
there was plenty of bunch grass.
Remained there untill 2 o'clock P M
then drove six miles down the river
and camped in the timber grass
poor. Saw some of Bridger's
company. They are incamped about
2 miles from us down the river and
some ...

17

Drove 2 miles crossed the Stinking
River. Very bad place to ford. One
man lost an ox in crossing. Camped
at as soon as we got over the river,
Bridgers Company are in camp 80
rods from us down the river. A man
by the name of Greene from Missouri
died this afternoon and was buried.

18

Remained in camp all day A
company of 100 waggons caught up
with us today

19

Left Stinking River this morning at 9
o'clock and struck across the hills.
Camped on a small mountain stream
heading in Pryors Gap. Distance
today 15 miles. grass poor, no wood
water good. 40 men left our
company this morning to go and
prospect the Big Horn Mountains and
then meet us in Yellowstone in 10
days. They were joined by 60 men
out of Bridgers Company and some
30 men out of a company that
came in yesterday making in all a
130 men.

20

Drove up the creek 7 miles and
camped for the day on good grass.
Some of the boys went into the hills
prospecting, dont think they will find
anything. Antelope and Elk they
maybe a bear.

21

Followed up the creek 7 miles.
Stoperd and got dinner and a man
crossed through Pryors Gap to
Clarkes Fork of Yellowstone
distrance 11 miles and camped for
the next night with plenty of grass
and wood. Water good. Our train
was thrown into confusion today with
the report of an Indian fight we met
about 300 Flathead Indians on a
buffalo hunt. We had to let them
hunt.

22

Been in camp all day. One of our
company caught a young elk we
prospected on the side of the river
top gravel found color in every pan.

23

We crossed Clarkes Fork and drove
down the river 6 miles and camped

with the intention of staying until the boys got back from prospecting grass is good here is where the road leaves the river to start for Yellowstone.

24

Laid in camp all day waiting for the prospectors.

25

Still in camp

26

Not left our camp yet on Clarks Fork yet.

27

Moved camp down the river 1/2 a mile. Still waiting for the boys.

28

Still in camp no prospectors yet.

29

Struck camp this morning at 7 o'clock drove 10 miles and camped for noon on a divide creek emptying into Clarks Fork where one half of the company left us (constisting of 38 waggons) and went on. Afternoon drove 3 miles up the creek and camped with they determination to wait for the boys. Had trout for supper.

30

Laid over again today. Had a rain stromed this afternoon. The prospectors came in from Bighorn Mountains this afternoon. They had been living on fresh meat without bread or salt for the last three days they found gold but not in pay quantity so tomorrow we shall start for Yellowstone if nothing happens. A grizzely bear ran through camp and was killed.

July 1

Drove up Divide Creek 15 miles and camped for noon. Plenty of wood and grass all the way. Afternoon drove over the Divide 10 miles and camped on a small creek running into the Yellowstone. Grass good.

2

Drove 3 miles to Grass Creek. Crossed above the fork from there to Yellowstone 12 miles where we nooned. Afternoon drove 15 miles

and camped in a canyon running into Yellowstone after following it down about 3 miles.

3

Drove down the canyon 7 miles to the valley of the Yellowstone. then up the valley 6 miles and camped for noon on a small grove of cottonwood on the bank of the river. Afternoon continued up the valley 12 miles and camped on the west bank of the Nezperce 1 mile from where it empties into the Yellowstone.

4th of July

Followed up the Yellowstone 12 miles and crossed to the north side. Drove 1 mile and camped on a small creek. Saw a lot of Crow Indians.

5

Left the Yellowstone for 10 miles and traveled over very rough road through the hills. Camped on the river for dinner. and then left the Bridger Road with Bridger 6 miles ahead of us. and struck off in company with 12 waggons on a new route with John Jacobs for a guide. Drove 2 miles on new route and camped 100 yards of creek. Had trout for supper and got enough for breakfast- wish I could send a mess of them home to Bettie and Louise

6

Drove 10 miles over rough and rugged road. Came down 1 hill that was most damnable the worst hill to run a wagon down I ever saw. Camped on 25 yard Creek. 3 miles from Yellowstone. Had a heavy snowstorm in the mountains last night. Stayed morning I should think by the looks that the snow must have been 3 or 4 inches in depth. good grass and water ...

7

Continued up 25 yard Creek 12 miles then crossed a divide and nooned on the headwaters of the Gallatin River. Afternoon took over another road over rough and rugged road 10 miles. and camped on the east fork of the Gallatin- grass first rate- we have had to make our own road for the last two days.

9

Left camp at sunrise drove 35 miles

and camped on a small creek within 7 miles of Virginia City- the road has been hilly but with that exception has been hilly.

August 10th

Witnessed an Indian battle between the Boma and the Flatheads at the junction of the roads leading from Salt Lake to Bannock and Virginia City
